The Rising Sun is a community pub committed to providing top quality food, drink and service.

Since 2005, the Rising Sun has been owned by Abbeydale Brewery, a local brewery based in Sheffield, established in 1996 and most famous locally for its Moonshine and Deception ale. In 2015 the brewery invested in the pub, building a lovely extension and installing a full catering kitchen.

We have a serious commitment to using local independent suppliers wherever possible. To keep things really local, we offer our customers a Field to Fork scheme where they can bring their home-grown produce to the bar and we will then exchange it for drink tokens to spend in the pub.
